

## Skip-payment Request

MarinCU.org

Want to keep more cash for the holidays? Complete this authorization to skip your qualifying November, December or January payment(s). Mail, scan and email, bring or fax it to us one full month prior to your due date.

### I want to skip payments as indicated below (one month per loan max.)

**Skip:**    November    December    January

**Skip:**    November    December    January

**Skip:**    November    December    January

### Skip-payment authorization

I would like to skip my regular November, December or January Marin County Federal Credit Union loan payment(s) I've listed. I understand my loan(s) must be current, at least six months old, not more than 30 days late within the last year, that interest will continue to accrue, and this will extend the term of my loan. For credit cardholders, your total amount you'll pay in interest will increase. I also understand there is a \$25 processing fee for each loan skipped. This offer does not apply to real estate payments. All payment skips are subject to approval.
